

Make heads turn in cutout backs!

Stars bring sexy back with dramatic displays of skin

A plunging back, like on **KRISTEN BELL's** Stella McCartney, ups the va-va-voom factor for girls rocking fewer curves.

Posture is everything when flaunting cutouts. Luckily for **KARINA SMIRNOFF** (in Versace), she can rely on her dance training.

The perfect accessory for **SAMANTHA HARRIS'** David Meister dress? A glowing tan, which adds definition to the star's back.

Peaky bra straps won't do with a daring dress, so **ANNALYNE MCCORD** opts for a smooth look.
